

Onyx Group is an established property maintenance contractor, undertaking decorative paint, damp proofing, paving, roofing and water proofing projects for housing associations, commercial, industrial, private customers, letting & property maintenance agents.

Our staff are amongst the most experienced and professional in their field with projects ranging from residential and new developments to multimillion rand projects. We are recognised for adding value to the supply chain with our commitment to excellence in all we do. Onyx Group has the distinct advantage of using Plascon & Dulux Paints as its preferred paint suppliers and in return will provide a 5 year guarantee. Plascon & Dulux provide technical support including specification and interior design development to tailor a painting solution.

- Prior to Paint Repairs
- Wall & Floor Coatings
- Factory Shutdown Specialist
- Floor Surface Preparation
- Airless Spray Roof Coatings
- Abseiling & Rope Access
- Damp Proofing Experts
- Roof Waterproofing Systems

Onyx Group is an approved member of the **Damp Proofing & Waterproofing Association of SA (DWASA)** who strictly control membership to the Association by accepting only those contractors able to show a proven track record of professional work and conduct and who agree to honour all guarantees that are given.

Why Choose A Professional Contractor?

- A reputable painting contractor has references – satisfied customers who can attest to the contractor’s quality of workmanship
- A reputable painting contractor uses the best quality paints and tools available
- A professional painting contractor offers a warranty or guarantee on their work
- A professional painting contractor specifies the scope of work & budgets upfront – so there are no nasty surprises come the end of the project
- A professional painting contractor follows and understands safety regulations

Quality Assurance

Onyx Group tightly controls the painting, damp proofing & waterproofing process to ensure quality results. With multiple years of experience in all aspects of commercial, industrial and domestic solutions. Onyx Group has earned a status for high value workmanship and outstanding customer interactions. By following every expansion in the discipline of high performance coatings, we are up to speed with the latest techniques and procedures both in preparation and application.

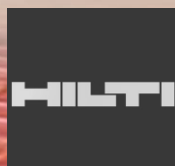

Health & Safety

Health & Safety is an essential part of Onyx Group, working in accordance to Occupational Health & Safety Act of 1993 that requires construction contractors to provide and maintain as far as reasonable and practical a work environment that is safe, without risk to the health of its staff. Safety plans are available for every site. Our staff are trained & certified in the erection of scaffolding and the safe use of high powered airless spray machines and construction tools. Protective personnel equipment (PPE) is made available to keep our staff safe and protected.

Equipment & Power Tools

Painting, Damp Proofing & Waterproofing requires a lot more than just labour. Professional contractors like Onyx Group will take care of your project and give you a great finishing touch, making your property look rich and classy for years to come by using the right tools. Onyx Group does not compromise on the end results.
